

WOULD YOU HELP US PLEASE?

As we develop new delay line products and signal processing systems, we should like to send technical data to you. Frankly, however, we don't know whether or not you would be interested in receiving this type of information. If you would take a moment to fill out the brief questionnaire on the back of this card, we could send you only pertinent material.

Detach along the perforation and drop the questionnaire in the mail; no postage is needed. Thank you very much for your cooperation.
